

- 
- The diagram illustrates the layout of a business card. It features a central green rectangle representing the 'Safe Zone', which is enclosed by a solid pink border. This is surrounded by a dashed black border representing the 'Trim Line'. The entire design is set within a light green background that represents the 'Bleed zone'. The text 'My Business Card' and 'Front' is centered within the safe zone. A legend in the top left identifies the pink line as the 'Safe Zone', the dashed line as the 'Trim Line (final card size)', and a light green bar as the 'Bleed zone'.
- Safe Zone
